

All The Time In The World

Girl don't worry, don't you hurry
I won't leave you now
We've all the time the world can find,
Or all it will allow
And looking back I feel I've been so hard on you sometimes
Well if I have, I'm sorry, I don't mean to be unkind
We've had trouble, mixed up muddles
But that's all in the past
The river runs a winding course
But never very fast
So girl don't worry, don't you hurry
I won't leave you now
We've all the time the world can find
Or all it will allow

It's hard to find such peace of mind so young
So I've been told
Well was that just a cold wind, or am I growing old
And if I could write a song that told you all I had to say
Then my song would have no ending
Until our time had slipped away
So girl don't worry, don't you hurry
I won't leave you now
We've all the time the world can find
Or all it will allow
We've all the time the world can find
Or all it will allow
