

Its Been A Long Long Day

It's been a long long day, I feel the need to take some time
And take myself away from heavy minds
Why don't you take a break, you've done you're bit the same as me
We've earned a slice of the cake
Oh can't you see - Can't you see
You're so hooked on your books
And your company crooks
That life has lost it's magic, you let it all roll by
Watch it fly

It's been a long long day, now don't you start to feel the strain
Don't let you're weekly pay affect your brain, your brain
Oh you live, just to give, to your company spivs
When we should be climbing mountains
Getting high on what we find
Oh won't you come along with me
Oh won't you spare the time
Oh no sir, Oh no sir,
I've got too much on my mind

Oh come on let your hair hang down
Oh come on, let it shine
Oh no sir, Oh no sir
I've got too much on my mind
It's been a long long day
